

PUBLIC NOTICE

In Compliance with sections 9.10 and 9.15 of the New Jersey Pesticide Control Code (N.J.A.C Title 7, Chapter 30), the Hudson Regional Health Commission, Mosquito Control Unit, 595 County Avenue, Secaucus, New Jersey, may be applying pesticides for the control of adult mosquitoes on an area-wide basis, as needed, throughout Hudson County during the period of April 1st, 2006 through November 30th, 2006.

The pesticides used will be those recommended for the control of adult mosquitoes by the New Jersey Agricultural Experiment Station (NJAES), Rutgers University, which include: resmethrin and piperonyl butoxide (Scourge®), and/or malathion (Fyfanon® or Atrapa®). Products may be applied by truck, handheld equipment, and/or by aircraft, all using thermal fog, low volume (LV) and/or ultra low volume (ULV) techniques. All applications will be made according to product labeling.

Upon request, the Hudson Regional Health Commission shall provide a resident with notification at least 12 hours prior to the application, except for Quarantine and Disease Vector control only, when conditions necessitate pesticide applications sooner than that time. For updated information on time and location of adult mosquito control application(s), call (201) 223-1133, or visit the Hudson Regional Health web site at <http://www.hudsonregional.org/>.

Contact the National Pesticide Information Center at (800) 858-7378 for routine pesticide related health inquiries. Call the New Jersey Pesticide Control Program at (609) 984-6507 for pesticide regulation information, pesticide complaints, and health referrals. In the case of any pesticide emergency please contact the New Jersey Poison Information and Education System at (800) 222-1222.

Those seeking further information regarding the Hudson Regional Health Commission mosquito control activities are invited to contact Dr. Gregory M. Williams, Program Coordinator of Mosquito and Vector Control, NJDEP LIC. No. 29507B, at (201) 223-1133, 595 County Ave., Bld. 1, Secaucus, NJ 07094.
