Greetings:

The Hudson County Department of Health and Human Services Resources Fair offers valuable information about many programs and services that could be greatly beneficial to you—or to someone you love.

This booklet provides a comprehensive, well organized listing of the many outstanding service providers available right here in Hudson County and the metro area. It is a useful “resource” in and of itself. Please take it home and keep it handy.

Enjoy the Resources Fair today. We hope it makes a positive difference for you, your family, and our entire community.

Sincerely,

Tom DeGise

The Department of Health and Human Services is delighted to present this inaugural copy of the guide for our annual Resource Fair. The purpose of this fair is to bring a wide array of resources to the community under one roof. The fair provides the community the opportunity to get information about available services in Hudson County and attendees are able to avail themselves of various free health screenings. We look forward to bringing organizations together each year to enable Hudson County residents the opportunity to access such valuable information in one location.

We invite you to participate in the workshops that we are offering this year. A workshop on Managing Stress will take place from 11:00 a.m. – 11:45 a.m. This workshop will be followed by an interactive workshop, at 12:30 p.m., on Healthy Eating After Fifty.

We thank all of our participating vendors for joining us in bringing this information to our community.

Thank You,

A handwritten signature in blue ink that reads "Darice Toon".
