From phone:
Open browser on your phone and go to:
http://www.hudsoncountynj.org/oem/
touch link to open:
http://peridot.streamguys.com:5370/HudsonCountyRadioStation

The stream will open and begin to play.
*depending on the phone* - in the case of Samsung Galaxy S9+ - there are 3 dots in the upper right hand corner - that when clicked will provide numerous option. *May be different depending on the phone - but should be similar*
Touch “Add to Home Screen”
The following will appear - click the name in the box and change to whatever you would like - “HCRadioLink” - Touch “Add”
The Shortcut now appears on the home screen and can be opened to play directly from there.
